

Give Your Heart a Break

[Demi Lovato](#)

The day I first met you, you told me you'd never fall in love
But now that I get you, I know fear is what it really was
So here we are so close yet so far haven't I passed the test
When will you realise baby I'm not like the rest.

Don't wanna break your heart wanna give your heart a break
I know you're scared it's wrong like you might make a mistake
There's just one life to live and aint no time to waste
So let me give your heart a break, your heart a break, heart a break, your
Heart a break, there's just so much you can take give your heart a break

Someday you went home alone there were tears in your eyes
I called your cell phone, my love, but you did not reply
The world is ours if we want it, we can take it if you just take my hand
No turning back now, baby try to understand

Don't wanna break your heart wanna give your heart a break
I know you're scared it's wrong like you might make a mistake
There's just one life to live and aint no time to waste
So let me give your heart a break, your heart a break, heart a break, your
Heart a break, there's just so much you can take give your heart a break

When your lips are on my lips then our heart beat is one
Once you slip out of my finger tips every time you run oh

Don't wanna break your heart wanna give your heart a break
I know you're scared it's wrong like you might make a mistake
There's just one life to live and aint no time to waste
So let me give your heart a break, your heart a break, heart a break, your
Heart a break, there's just so much you can take give your heart a break...
