

# Madly

## Tristan Prettyman

I'm not surprised that you still call  
I'm not surprised  
I'm more surprised that i don't answer  
Pick up the phone to call you back  
Pick up the phone to call you back  
Ain't it funny how things work out like that 'Cause the time that it takes to open my eyes  
Is the time that it took me to realize Madly, madly, madly  
Well tell me that you need me  
Show me I'm the only and that's all I need to know. Madly, madly, madly  
Well if you really love me,  
When you see me leavin' baby, just let me go  
Well I've been good, no I've been great  
You say you're in a better place  
And honestly, I'm happy for you But there's a tone in my voice that gives away my selfish choice  
Can my heart beat any faster? 'Cause the time that it takes to pass me by  
Is the time that it took me to realize Madly, madly, madly  
Well tell me that you need me  
Show me I'm the only and that's all I need to know Madly. madly, madly  
Well if you really love me  
When you see me leavin' baby, just let me go We give it up, try to find  
What was with us all the time  
Gotta lose some things, if you're ever gonna get on by  
And who was wrong, who was right  
Always end up in a fight  
I thought I'd crumble, but now I find...  
Madly, madly, madly  
If you really love me  
When you see me leavin' just let me go Madly, madly, madly  
Well tell me that you need me  
Show me I'm the only and that's all I need to  
Know, know, know, know Madly, madly, madly  
Well if you really love me  
When you see me leavin' baby just let it go, no Madly, madly, madly  
Well tell me that you want me  
When you see me leavin' baby  
Just let me go
