

One Day

Common Kings

[Intro]

Hey yo'

[Chorus]

One day when I have a lot of money
Imma be the king again sippin on that Jameson
Party it don't ever end, you gon' wanna bring your friend
Whooooa na na na na na
Whooooa na na na na na
Whooooa na na na na na
Whooooa na na na na na

[Verse 1]

Light the spliff take a rip
We gon' dance till the morning come
Light the spliff take a rip
We gon' dance till the morning come
Said I'm ready, I'm ready got my income coming steady
My pockets are full, my bag is feeling heavy
When I get my dough, my paper, my fatty
Imma burn through the money like the tires on a Chevy
You know I strike while the irons hot
Earned everything I have got
Gotta buy a big house in a private spot
Make it rain like a tropical storm
Top of my game you don't wanna bring on a war

[Chorus]

One day when I have a lot of money
Imma be the king again sippin on that Jameson
Party it don't ever end, you gon' wanna bring your friend
Whooooa na na na na na
Whooooa na na na na na
Whooooa na na na na na
Whooooa na na na na na

[Verse 2]

Splish splash jacuzzi full of cash
Tub full of bub bet you've never seen that

My life's a green light gas pedal all day
I win win win
I win win win
I win win win all day

I win win win
I win win win
I win win win all day
I win win win
I win win win
I win win win all day
I win win win
I win win win
I win win win all day

[Chorus]

One day when I have a lot of money
Imma be the king again sippin on that Jameson
Party it don't ever end, you gon' wanna bring your friend

One day when I have a lot of money
Imma be the king again sippin on that Jameson
Party it don't ever end, you gon' wanna bring your friend

Whooooa na na na na na
Whooooa na na na na na
Whooooa na na na na na
Whooooa na na na na na

[Outro]

Hey yo', Calling all my kings and Queens
We taking over this entire block
