

Body on Me (feat. Chris Brown)

Rita Ora

Baby, let's cut down the lights
I just really wanna let this fire burn bright
I'm just telling you to have an open mind
Just imagine us You're taking me there, you're taking me there
Our lips are barely touching
So do it again, so do it again
We could be on to something Heyo, heyo, I just wanna feel your body on me
Heyo, heyo, if you want it then you got it, hold me
No more, no more wasting time
We can, we can go all night
Heyo, heyo, I just wanna feel your body on me
Ayayayayayayayaya
Body on me
Ayayayayayayayaya
Body on me
Put you up against the wall
And I'ma go to work 'til you get off
Baby, soon as you're done we'll go some more
Girl, just imagine us You're taking me there, you're taking me there
Our lips are barely touching
So do it again, so do it again
We could be on to something Heyo, heyo, I just wanna feel your body on me
Heyo, heyo, if you want it then you got it, hold me
No more, no more wasting time
We can, we can go all night
Heyo, heyo, I just wanna feel your body on me
Ayayayayayayayaya
Body on me
Ayayayayayayayaya
Your body on me
Ayayayayayaya
Your body on me
Ayayayayayayayaya
I'm not asking for too much, put your fingertips on me
Don't wait 'til the sun's up, we can keep this in between
Us, only nobody has to know what's going down right now baby Heyo, heyo, I just wanna feel
your body on me
Heyo, heyo, if you want it then you got it, hold me
No more, no more wasting time
We can, we can go all night
Heyo, heyo, I just wanna feel your body on me
Ayayayayayayayaya

Body on me
Ayayayayayayayaya
Your body on me
Ayayayayayayayaya
Body on me
Ayayayayayayayaya
Body on me
