

# What Y'all Want

Eve

What y'all niggaz want?  
(What we want, right)  
Can't touch  
All y'all niggaz need  
(What we need in our life?)  
Is right here Rubia huh? Papi screamin' out of they mouth  
Bombshell, just a second mami, wanna speak out  
What I need in my life, make ya body freak out  
Baby seem like the type, married niggaz sneak out  
Like I'm ballin' y'all, yes, I be appallin' y'all  
Boss type hold it down, wantin' all of y'all  
Callin' y'all never chasin' me down  
Three weeks, heartbroken, yes, you hatin' me now  
She speaks, soft spoken, 'til she datin' the clown  
I'm takin' 'em down, reel 'em in and makin' 'em drown  
Mistake, I said gimme, bet I'm takin' it now  
What I need from a nigga negative in his sound  
Audacity, even, askin' me  
For ass, I laugh, this bitch is fast and free  
Swattin' 'em off, when I see this nigga's a flea  
Plottin' of course for riches, millionaire wannabe Whether you're in Cuba, Puerto Rico  
Republica Dominicana  
Venezuela, Mexico  
Everywhere, tell me what you want Guatemala, Costa Rica  
El Salvador, Ecuador, Colombia  
Everywhere, tell me what you want  
Popular since I started my life  
Eve you know my name, probably the dangerous type  
Brick house stallion, think you tamin' me right?  
Not this baby Del-Philly streets they raisin' her right  
Keep it pretty or can make it gritty be a lady  
Need boots, pocket books and a baby 380  
But prefer to keep it calm and cool  
When I'm heated I suggest you move  
Just avoid a bad situation, what you got to prove? Leave her be, chicken squakin' hatin'  
frequently  
Mad they man is obsessed and stalkin' me  
If he icy enough, I'm pricin' his stuff  
Be nicy enough to let him spend, I'm callin' ya bluff  
Puttin' it down, Ruff Ryders put in they work  
Snatched up the illest viscous pitbull in a skirt  
Makin' 'em hurt, haters steady dishin' up dirt

Changin' the game, settin' the rules, makin' it work  
 Whether you're in Cuba  
 Puerto Rico, Republica Dominicana  
 Venezuela, Mexico  
 Everywhere, tell me what you want  
 Guatemala, Costa Rica  
 El Salvador, Ecuador, Colombia  
 Everywhere, tell me what you want  
 Leavin' 'em scared, mami takin' all of this here  
 All of this fame I'm hungry hope you cats is prepared  
 Niggaz, set me up and I'ma take it and run  
 Think it's a game? Just check out how my format is done  
 Stoppin' your shine, and I do it to perfection  
 Made a promise everytime I touch the mic to bless 'em  
 Used to tease me how I keep is greasy just to test 'em  
 Eve handcuff niggaz but I don't arrest 'em  
 Shorty-bang hear the niggaz singin', shoutin' my name  
 Make the thuggish niggaz scream, watchin' me entertain  
 Dicks brick when I lick the lips, just keepin' it plain  
 Fantasizin' 'bout this bitch, got 'em goin' insane  
 Ooh's and ahh's, 5'7" thick in the thighs  
 Every thugs dream wife, see the love in they eyes?  
 My time to shine, whole package make her a dime  
 Want some more? It ain't over, just keep pressin' rewind, uh  
 Whether you're in Cuba  
 Puerto Rico, Republica Dominicana  
 Venezuela, Mexico  
 Everywhere, tell me what you want  
 Guatemala, Costa Rica

 Everywhere, tell me what you want  
 Whether you're in Cuba  
 Whether you're in Cuba
