

She's Hell

Tom O'Connor

[Verse 1]

She's an angel dressed in black
Grabs a hold of me like a heart attack
She's a keep me up all night-er
Never felt nothing like her fire

[Chorus]

Ever since I've known her, there ain't no middle ground
It's like riding on a roller coaster, all the way up, all the way down
She gets me higher than I've ever been and lower than I've ever fell
Sometimes sh?'s heaven and sometim?s she's hell
Sometimes she's heaven and sometimes she's hell

[Verse 2]

I know that I should know better
She's probably gonna kill me, still I'll let her
Whatever she's got, man, I need it
And I always take it, 'cause I just can't leave it

[Chorus]

Ever since I've known her, there ain't no middle ground
It's like riding on a roller coaster, all the way up, all the way down
She gets me higher than I've ever been and lower than I've ever fell
Sometimes she's heaven and sometimes she's hell
Sometimes she's heaven and sometimes she's hell

[Bridge]

When it's good, it's good
When it's bad, it's bad
But I'll be damned
She's the best I ever had

[Chorus]

Ever since I've known her, there ain't no middle ground
It's like riding on a roller coaster, all the way up, all the way down
She gets me higher than I've ever been and lower than I've ever fell
'Cause sometimes she's heaven and sometimes she's hell
Sometimes she's heaven and sometimes she's hell
Yeah, she's hell
