

Waking Up

Kero Kero Bonito

What's that?
Wanna go back to sleep...When I hear that alarm clock ring (wake up!)
That's my cue to enter
I've finished counting my 40 winks (all done!)
And then I remember
There's so much stuff to do
Right now I just wanna snooze because
Waking up is the hardest part (uh-huh)
But then, it's essential
Get up, get up! What's that in the sky?
Could it be? It's KKB!
????????????
????????????
Rise and shine, it's party time
Eat your breakfast, and you'll be fine
Everybody, ??????

Back in the place, I'm looking great
Bet you can't tell I'm half awake
Living my way, no day is the same
But sometimes I'm a bit late
When I hear that alarm clock ring (wake up!)
That's my cue to enter
I've finished counting my 40 winks (all done!)
And then I remember
There's so much stuff to do
Right now I just wanna snooze because
Waking up is the hardest part (uh-huh)
But then, it's essential3, 2, 1, lift-off, infinity
Let's go on a Kero Kero journey
Get on the bus and hold on tight

But then I wonder, is it all a dream?WhoaaaaaaWhen I hear that alarm clock ring
That's my cue to enter
I've finished counting my 40 winks

There's so much stuff to do
Right now I just wanna snooze because

But then, it's essential
