

# Mad Love.

JoJo

You know, love is just one of those things  
You can't really explain, that's insane  
Lay here with me in the dark  
I know my edges are sharp  
But sometimes the pain is what hurts you so good  
You took a knife to my heart  
And cut out the rational parts  
I knew that you were just misunderstood  
Cause you give me mad love  
How far can we go?  
Nobody knows  
You give me bad love  
But I'll take what I get  
I'm starving for it  
Like I've never had love  
You keep me insane,  
I'm not ashamed  
Don't give a damn, love  
I want you so bad  
You give me mad love, mad love  
Twisted like wire in your arms  
A dangerous place for my heart  
But you know I love getting off on the thrill  
Turn me from water to wine  
I'm wasted all of the time  
So do it, baby  
Go in for the kill  
You give me mad love  
How far can we go?  
Nobody knows  
You give me bad love  
But I'll take what I get  
I'm starving for it  
Like I've never had love  
You keep me insane and I'm not ashamed  
Don't give a damn, love  
I want you so bad, love  
You give me  
Cause you give me mad love  
How far can we go?  
Nobody knows  
You give me bad love  
But I'll take what I get  
I'm starving for it  
I've never had love  
You keep me insane,

I'm not ashamed  
Don't give a damn, love  
I want you so bad  
You made me mad love  
You keep me insane  
But I'm not ashamed  
Don't give a damn love  
'Cause I want you so  
'Cause I want you so  
You give me mad love  
How far can we go?  
Nobody knows  
You give me mad love  
Mad love  
Mad love  
M-m-mad love  
Mad love
