

# Keep It 100

## Trademark Da Skydiver

You know Trade homie  
All day I keep it playa  
Hit the stu' smoke a few  
Why I'm a hide up the rhyme slayers  
Stay fresh-to-death nothing less  
Than Ralph Lauren on every label  
On a quest to get bigger checks  
Look I'm tryin' a stretch out this paper  
Need them faces in my safe  
So my future could feel safer  
I'm hungry for Ben Franklins  
A hundred thousand'a cure my cravin'  
Can't stop me from shining  
I'm gettin' mine while you still hating  
No risk taker further loot  
I'm a trooper I'm no cravin'

Thought niggas was 100  
Turned out to be real fakers  
But I ain't trippin'  
Keep twistin' my eyes low I stay faded  
I keep that OG blazin'  
A fragrance is so amazing  
I smoke a QP easy and burn through a ounce daily  
Ain't takin no shortin' losses I'm bossing  
Fuck you pay me

Think I ain't gettin' mine  
Look daddy you must be crazy  
Lift the top back on this Mercedes  
Blowin 50s while doing 80  
OG got my eyes lazy  
Too real for these lanes to phase me

Keep it 100 nigga  
These niggas ain't keepin' it 100 nigga

You know Trade homie  
All day I keep it coolie  
Posted up rosted up only good when I'm rolling up

I'm too focused for foldin' up  
Still grindin' fresh paper cuts on my hands  
Blue grains in my pants  
The traffic keep addin' up  
Touch a few dollas ain't enough  
Need faster crews bigger trucks  
And exclusive views where I live  
With the chandeliers in the crib  
You already know what it is  
Came in this game to win  
No Ls on my record slick  
I've been by my presidents  
My bank account evidence  
Niggas hate that's irrelevant  
I'm just focus on me and mine  
Tryin' a make dollas out of dimes  
A come-up stay on my mind  
A hustle stay on my grind  
Trying make it to the finish line  
And flip this loot like two times

Over due to go get this loot  
Out the door to go get this dough  
Stack and flip it to make some more  
It's a must I get me you already know  
(you already know)  
Ain't no hesitation when I'm gettin' this paper  
Trade keep it playa  
That's how God made him
