

# Them Wallflowers

## TiRon & Ayomari

[Ayomari]

Okay

[Intro]

Hey!

Hey!

Hey!

[Ayomari]

Think i'll take the bus

With no destination, just to see the city

Float around and people watch

Cali sunshine is uncontested

Not the fastest mode if you wanna scoop scoop round town

I don't really mind

Little walking exercise ain't never hurt

Besides, on days like this (woop, woop)

Pays to take a breath (woop, woop)

Reformat the stress (reformat the stress)

Reformat the stress (reformat the stress)

[Chorus w/ RoseGold and Nonchalant Savant]

Hey! (Oh! Ay Ay)

Whenever you're ready to get out your way just say hey (hey!)

You on that wall make your way! (hey!)

[TiRon]

Try to pass the time

Time and time again I end up in an argument with myself

But never get my point across

I cross my heart and hope I die without

Out a care at all

If I could share my fall I probably wouldn't even trip

Tick, tick, tick

Feelin' like a bomb

Explode on days like this (woop, woop)

Then I take a breath (oooh, woop)

Reformat the stress (reformat the stress)

Reformat the stress (reformat the stress)

[Chorus]

Hey! (Oh! Ay Ay)

Whenever you're ready to get out your way just say hey (hey!)

You on that wall make your way! (hey!)

Hey! (Oh! Ay Ay)

Whenever you're ready to get out your way just say hey (hey!)

You on that wall make your way! (hey!)

[Outro]

Hey!

Hey, hey! (woop, woop)

Hey! You! Make your way!

Hey! You! Make your way!

Show love, give thanks, take time, be calm, dont trip

Don't trip

Fall down, get up, hold on, be strong, don't trip

Don't trip

Show love (show love)

Show love

Show love (show love)

Show love

[Joose]

Aww, shit!
