

# New Strings

Miranda Lambert

I bet this road will take me out of here  
Take me far away from Amarillo  
I bet this car will go real fast  
The wheels might even drive me past  
The places that you said I'd never go, oh Texas sky is the biggest one I've seen  
But it still ain't big enough for you and me  
All the things that make you mad  
And all the baggage in your past  
Don't leave much room for a girl like me to be  
So I'll fill her up with hope and worn out dreams And I'll grab the wheel and I'll point it west  
Pack the good and leave the rest  
I'll drive until I find the missing piece  
You said, "I wouldn't get too far  
On a tank of gas and an empty heart"  
But I got everything I'll ever need  
I got this old guitar and a brand new set of strings  
Mama said, "I never should have done it"  
Should have ended as before we ever started  
Daddy knew about my pride  
So he stood there and he smiled inside  
I pretended that I didn't notice  
A little tear that fell when I said, "I was going" And I'll grab the wheel and I'll point it west  
Pack the good and leave the rest  
And drive until I find the missing piece  
You said, "I wouldn't get too far  
On a tank of gas and an empty heart"  
And I got everything I'll ever need  
I got this old guitar and a brand new set of strings And I'm worried about life  
And if it's right and right on time  
I guess if you don't jump  
You'll never know if you can fly  
You said, "I wouldn't get too far  
On a tank of gas and an empty heart"  
But I got everything I'll ever need  
I got this old guitar and a brand new set of strings
