

Night Gone Wasted

The Band Perry

[Verse 1]

Well, you can find my face where the moon light lingers
'Cause it's Friday night and it's as hot as ever
Oh, my heart is banging to the beat of the band
Me and my pals, we got scars from the week
But now we're making our noise and we're moving our feet
As we do our best to let things get out of hand

[Chorus]

Oh, it's a night gone wasted again
I'm making up with my enemies and loving my best friends
Well, well, well
It's the best medication to make the whole wide world go around
Oh, it's a night gone wasted
Oh yeah

[Verse 2]

Well, all of our eyes, they've got rings of fire
'Cause we're burning time like there's no tomorrow
Oh, it's gonna take a while to blow off a week's worth of steam
(I want some steam)
So tell your, your sweet mama not to worry her pretty little head
I'll have you home soon and then I'll tuck you in bed
But until then, let's do our best to get out of hand
Man, oh man

[Chorus]

Oh, it's a night gone wasted again
I'm making up with my enemies and loving my best friends
Well, well, well
It's the best medication to help the whole wide world go around
Oh, it's a night gone wasted
Oh yeah

[Bridge]

Oh, what a riot it's been
I'm gonna save up some more money to spend
Another night

[Chorus / Outro]

Well, well, well
It's the best medication to help the whole population survive
It's a night gone wasted
Oh, it's a night gone wasted
Oh, it's a night night gone wasted
Alright
We're going out tonight
