

# I Don't Remember Me (Before You)

## Brothers Osborne

[Verse 1]

Did I stop and watch the sunset fade?  
What gave me life and took my breath away?  
Did I take a last-call stranger home  
So I wouldn't have to wake up alone?

[Chorus]

I heard I was a wild one  
Actin like a child, son  
But I really don't recall  
Heard I was a fast one  
Always was the last one  
Waitin' for the other shoe to fall  
I've seen pictures  
And I've heard stories  
'Bout the boy I used to be  
But I don't remember me

[Verse 2]

Was I just another ghost in this town?  
Who was I when no one was around?  
Did I even know what I was livin' without?  
Who are my favorite songs about?

[Chorus]

I heard I was a wild one  
Actin like a child, son  
But I really don't recall  
Heard I was a fast one  
Always was the last one  
Waitin' for the other shoe to fall  
I've seen pictures  
And I've heard stories  
'Bout the boy I used to be  
But I don't remember me

[Bridge]

Was my heart beatin' in my chest?  
And was I even alive before the day we met?

[Chorus]

I heard I was a wild one  
Actin' like a child, son  
Heard I was a fast one

Always was the last one  
Waitin' for the other shoe to fall  
I've seen pictures  
And I've heard stories  
'Bout the boy I used to be  
But I don't remember me  
No, I don't remember me before you
