

# Toot It and Boot It

YG

I met her in the club, then I said wassup  
I took her to the crib and you know I fucked  
Yeah, toot it and boot it, toot it and boot it  
Toot it and boot it, that's why I toot and boot itShe think I'm cute, she wanna have sex  
Girl knock it off, you know you can't have this  
She think I'm cute, she wanna have sex  
Girl knock it off, you know you can't have this  
And she told me run that I told her run it  
And she never seen a trick until she met my magic stick  
Yo, I'm a pimp bitch, straight game never no sippin'  
And after we did it she was walking with a limp  
Bust it open, leave it wet, you know I leave it soakin'  
Who next? I don't ever close, I stay open  
I met her in the club, you know I was drunk  
I asked her name and then I said I wanna fuck  
And I'm YG and you know I fucked  
And she fucked back like a little slut  
And she fell in love, ya and she felt stupid  
'Cause you know, I toot it and boot it  
I met her in the club, then I said wassup  
I took her to the crib and you know I fucked  
Yeah, toot it and boot it, toot it and boot it  
Toot it and boot it, that's why I toot and boot itGirl let me toot that boot that stop actin' stupid  
Acting like you don't know me, like "Who that?"  
Walked in the club, but I'll fly things  
I'm in the back girl, you know where to find me  
And I love how she think I'm cute  
And she don't even wanna tell me what she wanna do  
It's me and my crew, her and her friends  
And they all trying to leave with us when the club ends  
And she toot it from the backAnd you know she made it clap  
And you know I run it back like only for one night  
And she know I'm on like a switch on light  
Hey girl, I can have you feelin' right  
I can supply the pipe, just make sure it's tight  
We can do it all day, only for one night  
And after that you gotta go 'cause you ain't my wife  
I met her in the club, then I said wassup  
I took her to the crib and you know I fucked  
Yeah, toot it and boot it, toot it and boot it  
Toot it and boot it, that's why I toot and boot itI toot it to the left, I toot it to the right  
Fuck with me, we gonna do it all night

I seen a bad bitch, I swing my hat back  
And after I hit, I still on my back 'Cause I toot it and boot it  
And made her feel stupid  
'Cause I toot it and boot it  
And made her feel stupid I met her in the club, then I said wassup  
I took her to the crib and you know I fucked  
Yeah, toot it and boot it, toot it and boot it  
Toot it and boot it, that's why I toot and boot it
