

Sly Fox

Nas

So we look at what's goin' on, this as an extreme aggression, um
I'm also hearin' about it from everywhere
It's, it's in the islands, it's on the continent, it's here, it's everywhere
And this is, if you will, a war, an all out assault by The sly fox, Cyclops, we locked in the idiot
box
The video slots broadcast The Waco Davidian plots
They own YouTube, Myspace
When this ignorant shit gon' stop? They monopolizin' news, your views
And the channel you choose
Propaganda, visual cancer, the eye in the sky
Number five on the dial, secret agenda Frequency antenna, doctor mind bender
Remote control, soul controller, your brain holder
Slave culture, game's over
What's a Fox characteristic?
Slick shit, sensin' misinformation
Pimp the station, over stimulation
Reception, deception Comcast digital Satan
The Fox has a bushy tail and Bush tells lies and Fox trots
So I don't know what's real Watch what you watchin', Fox keeps feedin' us toxins
Stop sleepin', start thinkin' outside of the box
And unplug from The Matrix doctrine
But watch what you say, Big Brother is watchin' Watch what you watchin', Fox keeps feedin'
us toxins
Stop sleepin', start thinkin' outside of the box
And unplug from The Matrix doctrine
But watch what you say, Fox 5 is watchin' The Fear Factor got you all rattled up
O' Reilly, oh really? No rally needed, I'll tie you up
Network for child predators, settin' 'em up
Myspace pimps, hoes, and sluts
Y'all exploit rap culture, then y'all flip on us
And you own the post and y'all shit on us
What is they net worth? They gon' try to censor my next?
Throw 'em off the roof neck first While I'm clickin' my cursor
Readin' blogs about the pressure they put on Universal
It gets worse while I'm clickin' my mouse
While they kickin' my house They figured us out why a nigga go south
It's either he caught a body, no sleep, they watchin'
I watch CBS and I see B.S., tryin' to track us down with GPS
Make a nigga wanna invest in PBS Watch what you watchin', Fox keeps feedin' us toxins
Stop sleepin', start thinkin' outside of the box
And unplug from The Matrix doctrine
But watch what you say, Big Brother is watchin' Watch what you watchin', Fox keeps feedin'

us toxins
Stop sleepin?, start thinkin? outside of the box
And unplug from The Matrix doctrine
But watch what you say, Fox 5 is watchin'They say I'm all about murder-murder and kill-kill
But what about Grindhouse and Kill Bill?
What about Cheney and Halliburton?
The backdoor deals on oil fields
How's Nas the most violent person?Y'all don't know talent if it hit you
Bringin' up my criminal possession charges with a pistol
I use Viacom as my firearm and let the lyrics split you
Who do you rely upon? They shoot shells at LeviathanI'm dealin? with the higher form
Fuck, if you care how I write a poem?
Only Fox that I love was the red one
Only black man that Fox loves is in jail or a dead oneRed rum, political bedlam
Don't let the hype into your eyes and ear drum
Murdoch own Fox, not 18 with Barracas
And he hate Barack? cause he march with the marchersI pledge allegiance to the fair and
balanced truth
Not the biased truth, not the liar's truth but the highest truth
I will not be deceived nor will I believe in the propaganda
I will not fall for the Okey-Doke, I am tuned inWatch? cause they're watchin?
Watch what you're watchin?Better watch? cause they're watchin?
Watch what you're watchin?Me-me-me-media misleadin? ya
Watch what you're watchin?So, Mr. Jones
I understand you? ve been experiencing some frustration
My guess, maybe post-traumatic stress
Even post-traumatic slave syndrome
Why don't we begin this session by letting you talk it out?
Just talk
