

# Tru Love

Faith Evans

6 years 5 months, that's how long we've been havin' this thing  
We've got, every moment hasn't been perfect but still  
When it's perfect it feels, like we're the only two people  
Who have somethin' real  
Now 3 years 2 weeks, that's how long we've been raisin'  
Our family and I wouldn't go tradin' the love  
That we got, so don't go changin'  
I love you just the way you are  
It's true love, when you say you need me like I need you  
And you can't be without me, like I can't be without you  
It's true love, when we spend time talkin' on the phone  
'Cause when we're not around each other, we don't wanna to be alone  
It's true love, love, love, love  
Don't you know that it's good to be in love, love, love, love  
Just believe me truthfully 'cause  
Love is never ever makin' you cry, before I tell you a lie  
I'll give my life 'cause that's true love  
Now when the love is right, somehow you just know  
Because you hold it tight and you don't want to let it go  
And it's so deep inside of you that  
You just can't take it 'cause it fills up your heart  
And you just, you can't replace it, oh no  
Somebody's makin' love non-stop tonight  
And they can't make enough, I know what it feels like  
Grab your lover by the hand, say that you understand  
How love really works, so good that it hurts  
It's true love, when you say you need me like I need  
you  
And you can't be without me, like I can't be without you  
It's true love, when we spend time talkin' on the phone  
'Cause when we're not around each other, we don't wanna to be alone  
It's true love, love, love, love  
Don't you know that it's good to be in love, love, love, love  
Just believe me truthfully 'cause  
Love is never ever makin' you cry, before I tell you a lie  
I'll give my life 'cause that's true love  
'Cause I don't need nobody but you in my life, oh baby  
No, no, no, no, no, no  
Those of you that understand what I'm sayin'  
Sing along with me say, "I"  
'Cause I don't need nobody but, I, I, I  
You in my life oh baby, ooh, I, I  
No, no, no, no, no, no  
Those of you that understand what I'm sayin'  
Sing along  
It's true love, when you say you need me like I need you  
And you can't be without me, like I can't be without you  
It's true love, when we spend time talkin' on the phone  
'Cause when we're not around each other, we don't wanna to be alone  
It's true love, love, love,  
love

Don't you know that it's good to be in love, love, love, love  
Just believe me truthfully 'cause  
Love is never ever makin' you cry, before I tell you a lie  
I'll give my life 'cause that's true love
