

# Music of the Earth

Patrice Rushen

There's no need to rush  
'Cause There is no hurry  
hear the Music of the earth  
Fa fa ra fa fa Life will make the space  
You don't have to worry  
hear the Music of the earth  
Fa fa ra fa fa Be the new rebirth  
Music of the earth  
Breeze is blowing through the trees  
Can Move you, Groove you, soothe you  
There's no need to rush  
'Cause There is no hurry  
hear the Music of the earth  
Fa fa ra fa fa Life will make the space  
You don't have to worry  
hear the Music of the earth  
Fa fa ra fa fa  
Be the new rebirth  
Music of the earth  
Breeze is blowing through the trees  
Can Move you, Groove you, soothe you
