

# Where Love Shines

## Incognito

(J.P. Maunick / S. Grey) People gather together where the love shines

And everyone is truly free

There's a light on the world for you and me Trip around the world

Take a good look around, tell me what you see

Everyday people looking for love

Yes they are searching There's nothing in the world

Nothing else to be found, that can compare

With the power of love

Everyday we are yearning Now gather together

> From every corner of the world

Let's open our minds to the light

Chorus:

People gather together where the love shines

And everyone is truly free

There's a light on the world for you and me

It's no mystery Let it rain on me, yeah Trip around the world

Take a good look around, tell me what you see

So much anger and pain, life's a game

That we're losing Stop the masquerade

By the truth we are bound, and that's no lie

People crying for change

Everyday they are praying Now gather together

> From every corner of the world

Let's open our minds to the light

Chorus (x2) Your love

Really wanna have it

Do you really dig it?

Really gotta get, get, get, get it Chorus
