

# Secrets (feat. Conrad Sewell) [BROHUG Remix]

CID

They don't know what they can't see  
They can't hold what they can't keep  
Me from you, you from me  
The more we have, the more I need  
I don't know and I don't care  
Trouble goes and I'll be there  
If it's you, then it's me  
The more we have, the more I need  
I won't fall from this love  
I won't break when it's tough  
I will keep all my promises to you  
I won't stop 'til we're dead  
But I solemnly swear  
I will keep all my promises to you  
So I will carry all our secrets for you  
I will carry all our secrets for you  
I will carry all our secrets for you  
I will carry all our secrets for you  
They don't know what they can't see  
They can't hold what they can't keep  
Me from you, you from me  
The more we have, the more I need  
I don't know and I don't care  
Trouble goes and I'll be there  
If it's you, then it's me  
The more we have, the more I need  
I won't fall from this love  
I won't break when it's tough  
I will keep all my promises to you  
I won't stop 'til we're dead  
But I solemnly swear  
I will keep all my promises to you  
So I will carry all our secrets for you  
I will carry all our secrets for you  
I will carry all our secrets for you  
I will carry all our secrets for you  
I will carry all our, carry all our  
I will carry all our secrets for you  
So I will carry all our secrets for you  
I will carry all our secrets for you

I will carry all our secrets for you  
I will carry all our secrets for you
