

# Ransom

[blink-182](#)

[Intro: Mark Hoppus]

Say the word and I'll be there  
Say the word and I'll be there

[Verse 1: Mark Hoppus]

She was just a babe in the woods  
He was always up to no good  
Of course, they'd end up as one  
(Say the word and I'll be there)

She took a late-night bus to L.A  
He left home with nowhere to stay  
Moving to the land of the sun  
(Say the word and I'll be there)

They found a spot on Bunker Hill  
Though getting by was hard  
The phoenix slowly turned to ashes  
Hope to broken hearts

[Chorus: Mark Hoppus & Matt Skiba]

Now she's holding him for ransom  
Now she's holding him for ransom  
Say the word and I'll be there  
Say the word and I'll be there

Now she's holding him for ransom  
Now she's holding him for ransom  
Now she's holding him for ransom
