

Really Free

John Otway

Well I wake up in the morning
Tell me baby what do you see?
I see my true love and she walks up and she kisses me
I say "Cor baby that's really free"

I go walking down to your house
Tell me baby is it good for me?
Your Ma and Pa, they just wanna kick me
I say "Cor baby that's really free"

Really free really free
Really really really really free
Kick me

I tried talking to your mama
Oh no, that's not good for me
Every time I go near your baby
You say "Cor baby that's really free"

I tried singing in the bathroom
'til my honey put the heat on me
Every time you move towards my body
I say "Cor baby that's really free"

Really free really free
Really really really really free
Kick me

So I wake up in the morning
Tell me baby what do you see?
I see my true love and she walks up and she kisses me
I say "Cor baby that's really free"

I go walking down to your house
Tell me baby that's not good for me?
Your Ma and Pa, they just wanna kick me
I say "Cor baby that's really free"

Really free really free
Really really really free

Kick me
