

Always (feat. Babyface)

Arin Ray

[Verse 1]

Good to see you, love, I know it's been a while

It's obvious you're doin' good, look at you now

Heard you broke up with your man, what's that a bad?

We should catch a drink or two, how long you around? Yeah

[Pre-Chorus]

So tell me what you need to

Get back to you and me, you

Got me rememberin'

Just how fuckin' good it used to be (Ayy)

Need you in my life

So I gotta tell you right

[Chorus]

(I will always want you)

I will always want you (So long)

Oh, I will always want you (You can feel it, girl)

Yes, I will always want you

Yes, I'll always want...

[Verse 2]

Girl, I broke your heart with conditions

I did it all in hopes that you'd listen (To me)

Now he don't need to be in your life

And truth is, girl, neither do I (Oh)

[Pre-Chorus]

So tell me what you need to

Get back to you and me, you

Got me rememberin'

Just how fuckin' good it used to be (Ayy)

Need you in my life

So I gotta tell you right

[Chorus]

(I will always want you)

I will always want you (So long)

Oh, I will always want you (You can feel it, girl)

Yes, I will always want you

Yes, I'll always want...

[Bridge]

I will always

For so long...

I will always, oh

[Outro]

Ooh, what you do to me, babe

Way you talk to me, babe (Ooh, yeah, yeah, yeah)

The things you say to me, babe

Yeah, the way you talk to me, babe (Ooh, yeah, yeah, yeah)

(I will always want you)

The way you talk to me, babe

(I'll always want you)

I said I need you

I said I need you

(I will always want you)

Always want you, baby

(I will always)

Yeah
