

Oil Patch Town

Chris Knight

Got six bucks
Thats enough for a beer run
Now all we need is someone to do the buying
My buddy Lendell
He aint never got no money
But he drinks up most the beer everytime
By nine oclock got a half case between us
Pull into the Quick Pick Lendell had to have some smoke
There sit Susie in Billy Scotts Camaro
Lendell gives her a wink
Billy says you want ya neck broke
Their bout to go toe to toe
Here comes a cop car
Lendell says Cemetery Bill
Well see how bad you are
Another Friday night
In this Oil Patch town
Keep the beers outta sight
When the State Troopers come around
We aint lookin for trouble
Wouldnt mind a fight
What else you gonna do
Its Just another Friday night
Billy says lets get it on
Lendell just slugs him
Thats bout all the fightin that got done
Sheriff pulls up he says what you Hoodlems doing
Ahh nothing much Junior just tryin to have some fun
He's acting tough taking down names
And shuttin us down
But at least we got something to talk about
When Monday rolls around
Another Friday night
In this Oil Patch Town
keep the beers outta sight
When the State Troopers come around
Now We aint lookin for trouble
Wouldnt mind a fight
What else you gonna do
Just another Friday night
Friday night
In this Oil Patch Town
