Reaching up, for the glass  
Come on na, fill it up  
Been empty for some time, come on fill me up  
Crack me up and rope a boo-nah, bend it up  
Burning, purple fire  
Come on na, answer right  
Staying this, for a while  
Suck a fingertips shut up na don't be shy  
Got a ciggy for a pretty smile (come on)

Don't forget, there's a war  
I let you beat me 'cuz I won before All is gone, you are drunk, I need more to get me some  
Get you shit, let's get up, need to strive before we cool off
