

Won't Stop, Can't Stop

Romeo

You know man
This one right here is
For anyone who was there for me
Or cared for me
Life funny man
You go through your little ups and downs
Smiles and frowns
This one here is coming from the heart
And the reason I keep going
Is cause of you
It's another R-O
Look, growing up I didn't have much
Just a few bucks
Hit school new sneakers but no lunch
Pops told me son I never give up
Before you know it, west coast in that new truck
Seeing things kinda like I'm in a dream
Why the sky always blue
Why the grass always green
I'm like Luther I have a dream
To be an A-Student and the star of the team
I miss Lance lost my boy in the car wreck
Money, have my money coming greener then that boy strait
Little Fred I know your working up there
Talk, fear no man, I got the man upstairs
Jumped in the game not knowing if I make it
Felt like I'm lost outside naked
Before you know it had my own little necklace
Went on the road and had my own little guest list
Big money now I'm son like a superstar
My nights get lonely never knew it would be this hard
I'm a solider it runs in my blood
You see p, silkk, and nothing but thugs
I love my fans and your love so priceless
I'd do anything for you with the heart out my chest
Through the ups and downs
Through the smiles and frowns
You was around and I feel so blessed
Won't Stop, Can't Stop, Won't Stop
It's another R-O
Won't Stop, Can't Stop, Won't Stop
My life ain't complete if I ain't got you hugs

To all my fans down south all thugs need love
My life ain't complete if I ain't got you hugs
To all my fans on the west all thugs need love
My life ain't complete if I ain't got you hugs
To my fans on the east all thugs need love
My life ain't complete if I ain't got you hugs
To all my fans up top all thugs need love
Won't Stop, Can't Stop, Won't Stop
It's another R-O
Won't Stop, Can't Stop, Won't Stop Young Buck's on the block
With then Cuggy Swins
No lemonade
Just rocks
Yea we change the weather
Moms put a rock in my hand made a boy understand
You can do something with your life
Be a better man
I love what you did for me
So the hood that I got is eternally
Now all you gotta do is relax
Your son hooked you up
In the back of the crib theres a brand new may-back
You heard that my ump-back
Senior would love
The three brothers back together
We got the hood back
Won't Stop, Can't Stop
Thats my gimmick
The way I kill tracks you would think I was a menace
Pops put in the pool head first
Now I'm swimming
Gutta music on the chain
But I'm still no limit
I love my fans
Ya'll the reason why I'm winning
And they wonder why I walk around town always grinning
