Luke James

Never be afraid of the shit that you're going through  
Don't underestimate your ability to push through Deal with you emotion (oooh)  
Dive into the ocean (oooh)  
Everything is open (oooh)  
You're the one that's chosen (mmm oohh) Let it, drip  
Let it, drip  
Let it, drip (mama)  
Let it, drip Feeling on your booty but I'd rather feel your soul (soul) soul  
Girl I know you ain't Janet but I like you in control (control)  
(I like you in control, I like you control)  
Baby deal with your emotion (oooh) deal with them  
Dive into the ocean (oooh) dive in, dive in  
Everything is open (oooh) everything is open baby  
You're the one that's chosen (mmm oohh) Let it, drip  
Let it, drip  
Let it, drip (mama)  
Let it, drip Let it, drip  
Let it, drip  
Let it, drip (mama)  
Let it, drip (Take your time) You too fucking fine to be dealing with some bullshit  
Girl that pussy's mine I just gotta pick a bone with it  
You too fucking fine to be dealing with some bullshit  
Girl that pussy's mine I just gotta pick a bone with it  
Let it, drip  
Let it, drip  
Let it, drip (mama)  
Let it, drip
