## **Desperate Times, Desperate Measures**

## **Underoath**

I've been crawling around in the dark for a while Sprawled out across the floor, Not Collecting dust anymore Define me a parasite, Define my host Trapped beneath the floor, I slowly waste away Now I pull my frail Body into the chair, and look me in the face Oh, disappointment's, so disappointing This may be my last one, it's gonna be good and hard It might be a touch out of key, a touch out of key When this thing breaks, I will be you, you will be me I'm afraid that this is really happening When this thing breaks, I will be you, you will be me Let's hope this is short lived and riddled with dizzy Oh, God the Noise It's ringing in my ear, It's so unclear, so unclear I hear them talking, but can't make out the words Speak up, Speak clear I hear them talking, but can't make out the words Speak up, Speak clear God, where have I been, I'm terrible company, With zero apologies My God, where have I been, Where have I been While I sink to the bottom, I'll Sing out as it fills with water I hope I've done enough When this thing breaks, I will be you, you will be me Let's hope this is short lived and riddled with dizzy When this thing breaks, I will be you, you will be me I'm afraid that this is really happening I'm worn out, I'm Worn thin, I will never break through I'm worn out, (Where Have I been) I'm Worn thin, (Where Have I Been) I will never break through (Where Have I been)
