Would Be Killer

Gnarls Barkley

I've got a secret
Something I thought
Maybe I could do
But I can't now can I
Lucky, lucky youDid you know I could be
A would be killer
If suddenly I should be
I would be killer
Hurt people, hurt people
This is always how
Oh, I've been entered by evil
So someone best
Love me right nowBecause I could be
A would be killer
If suddenly I could be
I would be killer
Now don't you dare me
Or we will dance
High up balancing ballet
So I may still get my chance
