

# Them Stems

Chris Stapleton

This morning I smoked them stems  
Yeah, that's the kinda shape I'm in  
I'm in a bad, bad way again  
'Cause this morning I smoked them stems My dealer, he's been out of town  
And that's really got me down  
I hope he ain't up in the pen again  
'Cause this morning I smoked them stems This morning I smoked them stems  
Yeah, that's the kinda shape I'm in  
I'm in a bad, bad way again  
'Cause this morning I smoked them stems  
My baby, she done said goodbye  
And all I ever do is cry  
There ain't nothing round the house now to make me grin  
'Cause this morning I smoked them stems This morning I smoked them stems  
Yeah, that's the kinda shape I'm in  
I'm in a bad, bad way again  
'Cause this morning I smoked them stems I called up this buddy of mine  
'Cause we always had a real good time  
I was hoping I could bum a toke off of him  
But this morning he smoked them stems  
This morning I smoked them stems  
Yeah, that's the kinda shape I'm in  
I'm in a bad, bad way again  
'Cause this morning I smoked them stems  
This morning I smoked them stems
