

Hey Hey

Dennis Ferrer

Just an ordinary day

till you came around

I had my feet on the ground

so much for that

Just an ordinary day

till you came around

and now my life's upside down

imagine that

and it's all because I heard you say

and it's all because I heard you say

and it's all because I walked your way

I heard you say x8

and I heard you say

Hey hey x8

Oh just right

you got to sit tight

close your eyes
and let your head go down
let your feet up off the grown
and let your head go down
let your feet up off the grown

Just an ordinary day
till you came around
I had my head straight and sound
they've told me that

Just an ordinary day
till you came around
and now my life is on the bounce
just like that

and it's all because I walked your way
and it's all because I heard you say
and should have know to stay away

but I heard you say

I heard you say x8

and I heard you say

Hey hey x8
