

Let's Get It In (feat. 50 Cent)

Lloyd & 50 Cent

I wish I had time to get to know you but I don't
I wish I could be here in the morning but I won't
So lets get it in girl
So lets get it in girl I bet to you it may feel like I'm in a rush
Give it to you how you want it until you've had enough
Bottles of champagne, I'll have us all in this position
Grown ass man now I'm needing intervention
We can make tonight the night baby if you just listen
Started out slow, yeah we could get to kissing
Cause all I need is, just a touch of your love
(a little bit) The spotlight on us aint bright enough baby
Thinking bout you is driving me crazy
I do what I gotta do to get it
I admit it, the way you move it is making me lose it
Lets get into it So take my hand don't fight that feelin'
It's alright to roll with me we just chillin'
The wildest dreams is 'bout to leave the building
Don't you wanna roll with me I wish I had time to get to know you but I don't
I wish I could be here in the morning but I won't
So lets get it in girl
So lets get it in girl Hey girl I'm picking you like let's go
You gotta be the baddest in the club that's all I know
Tell your friends I see you tomorrow
And tell em that young Lloyd taught you the backstroke
Now wait a minute there's something you must know
I'mma blow it up but in the morning you must go
(?) as you are, fine as you are I can't make you my girl
So take my hand don't fight that feelin'
It's alright to roll with me we just chillin'
The wildest dreams is 'bout to leave the building
Don't you wanna roll with me I wish I had time to get to know you but I don't
I wish I could be here in the morning but I won't
So lets get it in girl
So lets get it in girl Hey hey lets get it in
Lets get it in
Lets get it in I gotta go baby
So whats up baby, what you tryna do
I mean take a chance for once in your life
Yeah, zone 4, young Lloyd, 50 cent
