

Without You

Keith Urban

I've loved you since the very first day
When I caught you looking my way
A smile and just knew it.
Aint open to you came along, no one ever heard my song
Now its climbing with a bullet. Its nice to have someone, so honestly devoted
That when it's said and done, girl I hope you know that The travelling, the singing, it don't mean
nothing without you
The fast cars, the guitars, they are all just second to
This life, this love that you and I have been dreaming of, for so long
It'd all be as good as gone, without you.
Oh ho, without you, hey... Along comes a baby girl, and a suddenly my little world
Just got a whole lot bigger, yes it did.
And people that I barely knew, love me 'cos I'm part of you
Man I start to figure
How two souls can be, miles from one another
But still you and me, have somehow found each other.
The travelling, the singing, it don't mean nothing without you
The fast cars, the guitars, they are all just second to
This life, this love that you and I have been dreaming of, for so long
It'd all be as good as gone, without you.
Without you, ohhhh ho ho
Without you I'd survive, but I'd have to have a notion
That I could live this life, just going through the motions
The travelling, the singing, it don't mean nothing without you
The fast cars, the guitars, they are all just second to
This life, this love that you and I have been building up so high
It's never gonna touch the sky, without you.
Mmmm, without you
Without you, baby, baby, baby without you
Without you.
