

Hopeful

AJ Mitchell

[Intro]

Oh

[Verse 1]

It's true

Nothing good comes easy just like you, oh

Your smile

Your only self defense, it drives me wild, oh

[Pre-Chorus]

I'm so persistent, I can't walk away

Know your existence will just be a phase

'Cause you get close to me

Close enough I can taste it

Close enough, I can't take it, no

[Chorus]

I lean in and you said "Not in a million years"

Come million-one, I'll still be standing right here

No chance, no chance in hell

I ain't going anywhere if you couldn't tell

[Post-Chorus]

I'm so hopeful

Something inside of my mind is sayin' "Be hopeful"

Something inside of your eyes is sayin' "Be hopeful" (be hopeful)

The way you look into my eyes sayin' "Be hopeful"

Hopeful, hopeful

[Verse 2]

I know

I know you know I know there's something more, oh

'Cause why?

You could've been anywhere tonight

But you're by my side

[Pre-Chorus]

I'm so persistent, I can't walk away

Know your existence will just be a phase

'Cause you get close to me

Close enough I can taste it
Close enough, I can't take it, no

[Chorus]

I lean in and you said "Not in a million years"
Come million-one, I'll still be standing right here
No chance, no chance in hell
I ain't going anywhere if you couldn't tell

[Post-Chorus]

I'm so hopeful
Something inside of my mind is sayin' "Be hopeful" (be hopeful)
Something inside of your eyes is sayin' "Be hopeful"
The way you look into my eyes sayin' "Be hopeful"
Hopeful, hopeful, hopeful

[Pre-Chorus]

I'm so persistent, I can't walk away
Know your existence will just be a phase
'Cause you get close to me (close to me)
Close enough I can taste it (taste it)
Close enough, I can't take it, no (take it)
Can't take it, no

[Chorus]

Not in a million years (a million years)
Come million-one, I'll still be standing right here
No chance, no chance in hell (no chance in hell)
I ain't going anywhere if you couldn't tell

[Post-Chorus]

I'm so hopeful
Something inside of my mind is sayin' "Be hopeful"
Something inside of your eyes is sayin' "Be hopeful"
The way you look into my eyes sayin' "Be hopeful"
Hopeful, hopeful
