

Who Needs Forever? (Thievery Corporation Remix)

Astrud Gilberto

Who needs forever?
Love me today, let's forget tomorrow
It's too far away, so hold me, don't waste this moment
Let's live this moment like it's the last
Time goes so fast

Love shouldn't linger, love shouldn't wait
When fates allow a choice of now or never
Who needs forever?

Love shouldn't linger, love shouldn't wait
When fates allow a choice of now or never
Who needs forever?
Forever, forever
