

# Taken Away (feat. Alexa Danielle)

## Surf Mesa

Craving [?] wanna drive off the road  
Eyes are sinking into memories you're on  
Spilled your coffee on my way to your door  
Spilled my feelings on your bedroom floor

Like a bad dream  
Like a [?] in your cave  
Feeling useless to you  
Feelings taken away

Ooh, taken away  
Ooh, taken away

Everything I see, everything I taste  
Turn it into gold [?] days  
I can never have you  
If I don't want to let you go

Ooh, taken away  
Ooh, taken away

Run and fall asleep  
Over things that I say  
Would you read them?  
If I had them in grave  
Down a jet plane  
And fluid in your own mind  
Would they land on your waves  
Would you give me your time?

Ooh, taken away  
Ooh, taken away  
Ooh, taken away  
Ooh, taken away

Listen to your lie  
Wishing you it's true  
Faking every smile  
Didn't have a clue  
I would never leave you  
If you didn't make me go  
Ooh, taken away

Ooh, taken away

Ooh, taken away

Ooh, taken away

Oh-oh, oh-oh, if you didn't make me go

Oh-oh, oh-oh, if you didn't make me go

Everything I see, everything I taste

Turn it into gold [?] days

I can never have you

If I don't want to let you go

Ooh, taken away

Ooh, taken away

Ooh, taken away

Ooh, taken away

Ooh, taken away

Ooh, taken away
