

# La Lune (feat. Dan Smith)

Madeon

Sometimes these memories pull us under  
We get lost talking, days gone by  
But we're not getting any younger  
Now it feels like real life has dragged us in its time So we stay awake  
Like we always do  
And we try to recreate  
And then nothing's changed  
When I'm next to you  
It doesn't feel the same I would never change what our past is  
Written in our bones, it's who we are  
I just can't control where my mind goes  
When it goes too far  
So we stay awake  
Like we always do  
And we try to recreate  
And then nothing's changed  
When I'm next to you  
It doesn't feel the same Doesn't matter if we change  
Doesn't matter at all  
Don't you worry about me, friend  
Don't you worry at all Doesn't matter if we change  
Doesn't matter at all  
Don't you worry about me, friend  
Don't you worry if it doesn't feel the same  
It doesn't feel the same  
It doesn't feel the same  
(It doesn't feel the same)  
(Feel the same)  
(Feel the same)
