

Woman to Woman (feat. Ashanti)

Keyshia Cole

So, I know you know this dude
So I need you to talk to me
What's going on? You know what I'm saying
Woman to woman, I think it's only fair
I already know, so just let me know, you know what I'm saying?
What you know? It's going around, you been doing your thing
And no matter what I say, it's not gonna just change things
See I wanna know, no one wants to be cheated on
Can you just keep it real with me, woman to woman
You got me, got me like the feds, checking all the evidence
Checking on where you've been
What you've been doing
With her, so can we keep it real
I wanna know everything
So girl tell me everything
I ain't really tripping
But I gotta know what's going on? Girl I've been in this here long enough
See I've been doing this here long enough
So I'ma tell you where I stand, I gave my heart to this man
He never mentioned he was in a situation
He told me I was his one and only, yeah
See, we gon' have to sit down
And figure this thing out, yeah
Yeah you gon' have to tell me
I don't know why you wanna play me
And leave me in the blind
I thought we knew what we wanted to do
He got me, got me like the feds
Checking all the evidence
Checking on where you've been
Come on
What you've been doing
We hurt, so can we keep it real
I wanna know everything
So girl tell me everything
I ain't really tripping
But I gotta know what's going on? We had got a home together
He said it would last forever
And no matter what, no one would ever break us apart
No-oh And he got his clothes over here
We've been building this life for years
Ain't no u's and downs, even stayed at his mamma's house
Even talked about having kids
Got me like the feds, checking all the evidence

Checking on where you've been
Come on
What you've been doing
With her, so can we keep it real
I wanna know everything
So girl tell me everything
I ain't really tripping
But I gotta know whats going on? See woman to woman, I know he ain't right
Looked me in the eyes and lied a thousand times
I can't believe he did this to me
I gave him my heart, so what's it gonna be?
So what'cha
So what'cha
So what'cha gonna do?
So what'cha
So what'cha
So what'cha gonna do?
So what'cha
So what'cha
So what'cha gonna do?
