

# Mother

## Ashanti

I would never let a tear fall from your eyes, no, no, no, no  
Cause everything you are to me, ohh I could never let you hurt inside  
You mean so much, and I'm so thankful that you're in my life  
And I appreciate your love and all your sacrifice  
Without you by my side, I never could survive  
I wouldn't be the woman standin' here before your eyes You taught me strength and you gave  
me guidance  
Whenever faith was lost, you were there to find it  
And all because a mother's love is unconditional  
With all my heart and all my soul, I wanna let you know That I thank you, and I love you  
And I would never place anyone above you  
Said I thank you, and I love you  
And I could never ever place no one above you  
You have given me life, and I just want you to know  
That you're the reason I'm here today i will never let go  
To everything that we share and nothing can compare  
I thank you, I thank you, I thank you, here's what I'm sayin'  
See, I've been blessed to be raised by a woman so strong Cause even when I did things wrong  
You would show me just the way that I should carry on  
You kept me safe, and you protected me with all you had  
And any time I was in need you gave your very last  
Without you by my side, I never could survive  
I wouldn't be the woman standing here before your eyes  
You taught me strength and, you gave me guidance Whenever faith was lost, you were there to  
find it  
And all because a mother's love is unconditional  
With all my heart, and all my soul, I wanna let you know  
That I thank you, and I love you  
And I would never place anyone above you  
Said I thank you, and I love you  
Never place anyone above you  
You have given me life, and I just want you to know That you're the reason I'm here today i will  
never let go  
To everything that we share and nothing can compare  
I thank you, I thank you, I thank you, here's what I'm sayin'  
I remember wakin' up early monday morning  
With my new dress, and my new shoes, with the buckles on em And you would kiss my face,  
and say i love you babe  
And you would be right there to take all of my fear away  
And when he broke my heart, you said it was hist lost  
And not to think about, you're better off without him  
Remember when they said that I was never gonna make it

You said it's yours, and all you gotta do is go and take it  
Said I thank you, and I love you  
And I would never ever place no one above you Said I thank you, and I love you  
And I will never ever place no one above you  
See, you have given me life, and I just want you to know  
That you're the reason I'm here today i will never let go  
To everything that we share and nothing can compare  
Said I thank you, and I love you  
And I would never ever place no one above you  
Said I thank you, and yes I love you  
And I will never ever place no one above you  
See, you have given me life, and I just want you to know  
That you're the reason I'm here today i will never let go  
To everything that we share and nothing can compare  
I thank you, I thank you, I thank you, here's what I'm sayin' yeah, yeah yeah yeah yeah
