

Freak (feat. Rico Love)

Jamie Foxx

Yeah, feel good. There's a... cameras on the... zone, my baby, yeah
I barely know you but I feel it,
Like you did something to my head, yeah,
It's close to me tonight
And I just want to be open you hair
And I'll be all right... for your body right there.
(It seems so close to clear, I know that) Chorus:
Everybody, somebody, freak,
Say it again, (right on), say it again, everybody, somebody, freak,
The question is: who is it you?
Baby your, your, your, your
Freak, freak, freak.
Don't you tell the vision I'll just watch your body going down,
I touch you the position, go crazy when you make the sound,
Feel likes the way dream you can be the star,
A freak is extreme... make sure you play your part
(When I get nice and hard, turn the lights on). Chorus:
Everybody, somebody, freak,
Say it again, say it again, (right on) everybody, somebody, freak,
The question is: who is it you?
Baby your, your, your, your
Freak, freak, freak.
Baby your, your, your, your
Freak, freak, freak.
Baby your, your, your, your
Freak, freak, freak.
... glass of wine,... of bear,
Alcohol... his the will, can you steal,
Don't need tickets in the...
You perform I would share,
You can scream, no one hears,
Feature face, no one cares, the floor... to be yours,
... champagne... the world tour,
Sex would be a campaign. [Chorus:]
Baby your, your, your, your
Freak, freak, freak.
I think that's enough
