

# Long Way Home

Steven Curtis Chapman

I set out on a great adventure  
The day my Father started leading me home  
He said there's gonna be some mountains to climb  
And some valleys we're gonna go through

Well I had no way of knowing  
Just how hard this journey could be  
Cause the valleys are deeper  
And the mountains are steeper  
Than I ever would have dreamed

## Chorus

But I know we're gonna make it  
And I know we're gonna get there soon  
And I know sometimes it feels like we're going the wrong way  
It's just a long way home

I got some rocks in my shoes  
Fears I wish I could lose  
That makes the mountains so hard to climb

And my heart gets so heavy with the weight of the world sometime

There's a bag of regrets,

My should of beens and not yet

I keep on dragging around

And I can hardly wait for the day I get to lay it all down

Chorus

But I know that day is coming

And I know it's gonna be there soon

And I won't turn back even if the whole world says I'm going the wrong way

Cause It's just a long way home

When we can't take another step

Our Father will pick us up and carry us in His arms

And even on the best days

He said to remember we're not home yet

So don't get too comfortable

Which really all we are

Are just pilgrims passing through

Chorus

But I know we're gonna make it

And I know we're gonna get there soon

So I'll keep on singing and believing  
What all of my songs say  
Cause our God has made a promise  
And I know that everything He says is true  
And I know wherever we go,  
He will never leave us  
Cause he's gonna lead us home  
Every single step of the long way home  
  
We're Just taking the long way home  
Taking the long way home (repeat)
