

Do What I Want

Lil Uzi Vert

Uhm, I'm on some shit like
Now I do what I want, now I do what I want
Now I do what I want, now I do what I want
Now I do what I want, now I do what I want
Now I do what I want, now I do what I want
Now I do what I want, now I do what I want
Now I do what I want, now I do what I wantEverybody know I'm better, yeah
Yeah I'm better, yeah
It don't matter, ay, Pocket fatter, aye
Nowadays I'm on my haters they got sadder, ay
That's money longer, yeah
Different song bruh, yeah
Different producer, yeah
I can do anything and I won't lose her
She got right with a winner, left that loser, aye
Talking shit, boy make me get my Ruger, yeah I said my Ruger
All my niggas they shooters
Rocking them grills all the way till my tooth hurt, yeah
Oh he cold? Well I swear that I'm cooler
That ain't no Rollie bitch this is a Franck Muller
Yeah a Franck Muller
Boy I started on the bottom, made my way to the top
Boy I'm gon' keep winning, no I cannot stop
'Member I had a little, (I did) turned that shit to a lot
Always been one hundred, put that on my block
Used to want a 4 door, now I want that drop, Yeah
Now I do what I want, now I do what I want
Now I do what I want, now I do what I want
Now I do what I want, now I do what I want
Now I do what I want, now I do what I want
Now I do what I want, now I do what I want
Now I do what I want, now I do what I want
Now I do what I want, now I do what I want
Girl, you see me getting this money, woah, please don't front

And them boys back home be talking but I won't get touched
Stay to myself how I survive, no one who I trust

Who them niggas? No, they not with us
All these girls, yeah they ride with us
I don't pay em' no mind, because I just want the bucksBoy I started on the bottom, made my
way to the top

Boy I'm gon' keep winning, no I cannot stop
'Member I had a little, turnt that shit to a lot
Always been one hundred, put that on my block
Used to want a 4 door, now I want that drop, skrt skrt
Now I do what I want, now I do what I want
Now I do what I want, now I do what I want
Now I do what I want, now I do what I want
