## Avail

yes i, yes i'm worried that they're lies yes i, yes i'm sorry that i tried but i lay it down too deep  
sometimes for too long up for a moment then that moment's gone and i pray that you know i'd  
bleed for a home i got worried but it won't be long so long i took it got me down but i took it  
stayed out stayed out too late for trust don't feel sorry i'm not worried image offset prize is  
neglect
