

Legacy

Nicky Romero & Krewella

[Verse 1: Krewella]

Roses in the sun
Falling one by one
Every thorn stung
I was so numb
I almost didn't see you come

[Chorus: Krewella]

When the walls around me were caving in
You saved my life tonight
When there's nothing left but pouring rain
You saved my life tonight
And I found my heart inside your hands
You saved my life tonight
You showed me how to feel again
You saved my life tonight
[Drop]

[Verse 2: Krewella]

Hearts on the run
Wasted and young
Every mistake stung
'Til I was numb
I almost didn't see you come

[Chorus: Krewella]

When the walls around me were caving in
You saved my life tonight
When there's nothing left but pouring rain
You saved my life tonight
And I found my heart inside your hands
You saved my life tonight
You showed me how to feel again
You saved my life tonight

[Drop]
