

Love Song

Miranda Lambert

[Verse 1]

I was standing there, crying in the kitchen
It's been one of those mornings that's going to last all day
And he comes in, wraps his arms around me
And I don't even have to say a thing

[Chorus]

That's what makes it love
That's what makes it a love song

[Verse 2]

He comes in, slams the door behind him
And he can't hide the worry on his face
Even though I got a million things to tell him
I know right now he just needs some space

[Chorus]

That's what makes it love
That's what makes it a love song
That's what makes it love
That's what makes it a love song

[Verse 3]

Everybody always sings about it
How they're never gonna live without it
We don't even have to talk about it
'Cause we're living it out

[Chorus]

That's what makes it love
That's what makes it a love song
That's what makes it love
That's what makes it a love song
