

Leave All the Lights On

A Day to Remember

Guess things didn't go the way that you planned
I missed the days when you would understand
The way that I am.
You leave me feeling lonely and detached.
Every time I'm moving forward
We take two steps back.
I need to have a moment to myself.
County lines, clear my mind with someplace else
Besides this stairwell.
Alone and on the road, I'm overwhelmed.
I need to find the difference in how I feel and how I felt. Leave all the lights on
And maybe I'll find my way back home.
Leave all the lights on
I took this drive to be alone.
Leave all the lights on
I wish I could get back to the way things were.
When we were young, having fun, so self assured
But now that's all a blur.
I miss the way we always used to talk.
Now we talk ourselves in circle till we forget why we fought. Leave all the lights on
And maybe I'll find my way back home.
Leave all the lights on
I took this drive to be alone.
Leave all the lights on
If I'm not worth letting go.
Leave all the lights on
If you still care I need to know.
Leave all the lights on.
This gets me so down down down
Why can't we work it out? can't we work it out?
This makes me so down down down.
I've been trying to see, if you were meant for me.
You get me so down down down, I'm gonna turn this car around.
Just know that it's the last time
Ya it's the last time. Leave all the lights on
And maybe I'll find my way back home.
Leave all the lights on
I took this drive to be alone. (down down down)
Leave all the lights on
If I'm not worth letting go.
Leave all the lights on, if you still cared I need to know. (down down down)
Leave all the lights on.

Guess things didn't go the way that you planned.
