And you lookin like a Hobbit off of Lord of the Rings

[Hook: Ben J]

Cashmere, Cashmere, you know I'm really feelin yo swag

[Verse Three: Legacy]

He a dog girl, all he do is run and smell
You wanna buff Nick Cannon or a young LL?
Guess the point I'm tryin to make is he dumb as hell
And I can make you fall in love after one quick meal
Then she stopped, paused, stared in my eyes
And for the first time moved her mouth to reply
She said that she kissed a girl and she liked it
And ever since that night she was a full blood dyke chick
(What? Wait huh, did she just, what she say? Hell nah!!)

[Hook: New Boyz]

Cashmere, Cashmere, that's why yo' breath stink
Cashmere, Cashmere, what the hell's wrong with yo' teeth?
Cashmere, Cashmere, when I said I liked you I lied
Cashmere, Cashmere, I'm over here, uncross yo' eyes
{ *laughter* }

[Legacy]

Ay yo Don't get me wrong though
We love Lesbians
Just not you
{ *laughter* }
