

I Leave Again (Instrumental)

Petit Biscuit

[Verse 1: Petit Biscuit]

The sky's so cold, I feel you slow
Your mind is not like it was before
I delete all, put thoughts on hold

I try to feel you

But you are gone

The fire's cold inside your soul
I feel the weight, of what we were
I delete all, put thoughts on hold

I try to feel you

[Verse 2: Shallou]

(Ooh, ooh, ooh)

Your eyes were bright

I felt the shine

Miss the Summers we used to hide
The city lights on this blue night
You used to tell me that it's alright [Bridge: Shallou]

I chill my bones, out in the cold
Walk the pathways we used to know
These quiet towns we'll leave behind

I try to feel you

[Chorus: Petit Biscuit]

(Ooh, ooh, ooh, ooh)

There's no need to stay

So it's time to take a chance

I don't want to explain to my friends I leave again

[Refrain: Petit Biscuit]

I leave again

And I leave again

I leave again

And I leave again

I leave again

(There's no need to stay)

(So it's time to take a chance)

And I leave again

(I don't want to explain

To my friends, I leave again) [Chorus: Petit Biscuit]

(Ooh, ooh, ooh, ooh)

There's no need to stay

So it's time to take a chance

I don't want to explain

To my friends, I leave again
