

# Run Wild

Danny Avila

[Verse 1]

You filled my heart with gasoline  
And struck the match inside of me  
Our love was fire, our love is ice  
The flames are cold and I realize

[Chorus]

The moment when you doubt me, things start to get ugly  
Just wanted you to love me  
How could I be met with the heart of a child  
Run, baby, baby, run wild

[Pre-drop]

Run, baby, baby, run wild  
Roam, roam, she roamed  
For you to feel nothing no more  
For you to feel nothing no more

[Drop]

Run, baby, baby, run, run, baby, baby  
Run, baby, baby, run wild  
Run, baby, baby, run, run, baby, baby  
Run, baby, baby, run wild  
(Run, baby, baby)

[Verse 2]

Like an gypsy, you stole my heart  
Lit up the fire just with a spark  
You got me drippin', trappin' like a piece of ice  
The flames are cold and I realize

[Chorus]

The moment when you doubt me  
Things start to get ugly, just wanted you to love me  
How could I be met with the heart of a child  
Run, baby, baby, run wild

[Pre-drop]

(Oh oh oh oh)  
Run, baby, baby

(Oh oh oh oh)  
Run, baby, baby, run wild

[Drop]  
Run, baby, baby, run, run, baby, baby  
Run, baby, baby, run wild  
Run, baby, baby, run, run, baby, baby  
Run, baby, baby, run wild  
(Run, baby, baby)
