Then I drop down, so I'm gangsta again

Add it up, stack it up, add it up, stack it up
I had to cut off the stragglers
Wrist in the back of the truck
Bitch I twist up the bando then hit the horn, bum bum bum
All of my pockets got lumps on lumps
Pull out the stick nigga, bum bum bum bum
She don't want want me but I know what she want
Hold up my bust and I'm proving a point
This llama, muhfucker, 'bout hit like a bald head
You had a big bag but somehow it don't slump
When your life in the hype and the package go down
When you take off the plug and the prices go down
Had to dodge a few obstacles, dodge a few rounds
When you havin' that shit, you can buy you a mount
(Buy you a mount)
