

Takeaway (feat. Lennon Stella)

The Chainsmokers & ILLENIUM

Your heart for takeaway
Yeah yeah yeah yeah yeah
Your heart for takeaway
Yeah yeah yeah yeah yeah
Your heart for takeaway yeah yeah
Your heart for takeaway
Yeah yeah yeah yeah yeahHey hey hey
Where do you think you're going?
It's so late late late
What's wrong?
I said I can't stay
Do I have to give a reason?
It's just me me me
It's what I want
So how did we get here?
Three weeks now, we been so caught up
Better if we do this on our ownBefore I love you na na na
I'm gonna leave you na na na
Before I'm someone you leave behind
I'll break your heart so you don't break mineBefore I love you na na na
Gonna leave you na na na
Even if I'm not here to stay
I still want your heartYour heart for takeaway yeah yeah yeah yeah
Your heart for takeaway yeah yeah yeah yeah yeah
Your heart for takeaway yeah yeah
Your heart for takeaway yeah yeah yeah yeah yeah
Your heart for takeawayYour heart for takeaway yeah yeah yeah yeah yeah
Fate fate fate
Is that what came between us?
Or did we do this on our own?So how did we get here?
I'm asking myself why I'm so caught up
Better if we do this on our ownBefore I love you na na na
I'm gonna leave you na na na
Before I'm someone you leave behind
I'll break your heart
So you don't break mineBefore I love you na na na
I'm gonna leave you na na na
Even if I'm not here to stay
I still want your heartYour heart for takeaway yeah yeah yeah yeah yeah
Your heart for takeaway yeah yeah yeah yeah yeah
Your heart for takeaway yeah yeah
Your heart for takeaway yeah yeah yeah yeah yeah

Your heart for takeaway Your heart for takeaway yeah yeah yeah yeah yeah Before I love you na
na na
I'm gonna leave you na na na
Before I'm someone you leave behind
I'll break your heart so you don't break mine Before I love you na na na
I'm gonna leave you na na na
Even if I'm not here to stay
I still want your heart
